Fernando R. Puente, M.D., Director

Welcome to Skin & Cosmetic Solutions, the cosmetic division of Raleigh Dermatology Associates. Skin & Cosmetic Solutions is a medically-oriented skin care center directed and supervised by Dr. Fernando Puente. We offer skin care services that help restore youthfulness and healthiness to the skin. Our program also includes treatments to enhance your self image. Dr. Puente has carefully selected a line of skin care products that can be purchased exclusively through a licensed physician. He chose this line because of the safe and effective results he has witnessed and experienced with the higher percentages of Glycolic Acids and Antioxidants within these products. Through improving the appearance of your skin and body with our aesthetic and medical treatments, we hope to improve your overall self image and wellness.
